What we don't cover (11 features across all 7 competitors): LaTeX math & referencing (x4), BibTex Summary & Referencing (x2), SmartDesigner, Panel, Embed, Refined Page Builder, and Scaffolding Live Templates. These are highly specialized academic, niche, or page-builder features. For teams not needing LaTeX formulas or BibTex citations, our app covers everything else – and adds **32 macros** the competitors don't have.

Coverage Summary (Overall)

Our app delivers **~83% coverage across all 7 competitors combined (53 out of 64 features)** in a single install, at a single subscription price.

We **fully cover Visibility (2/2) and Advance Attachment Manager (1/1)**, match nearly all Navitabs, Mosaic, AURA, and Refined Macro Toolkit capabilities, and cover the core Scaffolding Forms feature.
