

Content Formatting Macros: Tabs Navigation Visibility CSS

1. Quick Overview

This demo showcases the Content Formatting Macros suite — a set of powerful Confluence macros that help teams structure, style, and control the visibility of page content. The macros are demonstrated across three pages in the Team Hub space (TH) on <https://clovity-demos.atlassian.net/wiki/home>.

- All macros are live on the team hub and ready to walk through during the client session.
- Each page demonstrates a different combination of macros in a realistic team context.
- The macros covered are: Advanced Card, Title, Button and background.
- No technical setup is required from the client to view the demo — just open the Confluence space.

Instance	https://clovity-demos.atlassian.net/wiki/home
Space	Team Hub
Pages	Team Hub
Macros	Advanced Card, Title, Button and background

2. Pages Structure

It is divided into five sections. Each section serves a distinct purpose in guiding the reader from overview to hands-on usage.

Page Name	Purpose
Hero	Full-width branded banner with product category, macro name, and tagline
Introduction	Two-column layout written overview on the left, screenshot on the right
Examples	Live macro examples grouped by feature — styles, shapes, sizes, icons, hover effects, fonts
Getting Started	Four Advanced Cards covering how to insert, configure, and edit or remove the macro
Quick Links	Full-width dark footer with three rows of navigation links

3. Macros Used in the Template

Macro	Where Used	Purpose
Advanced Card	Getting Started section	Four how-to cards with images and step-by-step content
Title	Hero section	Eyebrow label, main heading, and subtitle
Button	Examples section , Quick Links footer	Live feature demonstrations and footer navigation
Background	Hero,Introduction Screenshot, Getting Started section, Quick Links footer.	Full-width coloured and gradient containers.

5. Customisation Guide

A consolidated one-liner reference for all macros used across the three demo pages.

What to change	Where	How
Hero title and tagline	Section 1 - Title macros	Click each Title macro and update the text
Hero background colours	Section 1 - Background macro	Edit the Background macro and adjust gradient start and end colours
Introduction text	Section 2 - Left column paragraph	Click into the text and edit directly
Introduction screenshot	Section 2 - Right column Background macro	Edit the Background macro and replace the image URL
Example button rows	Section 3 - Buttons macros	Edit each Buttons macro to update labels, styles, or destinations
Getting Started card content	Section 4 - Advanced Card macro	Edit the Advanced Card macro and update each card's title, body, and image
Footer links	Section 5 - Buttons macros	Edit each Buttons macro row and set the destination URLs

6. How to Reach the Demo Pages

Follow these steps to open the demo space and navigate to the pages during the client presentation.

- Open your browser and sign in to Confluence at clovity-demos.atlassian.net.

- From the top navigation or space directory, search for the space named Team Hub
- Open the Team Hub space (space key: TH).
- The home page loads as Team Hub. Scroll to review all macros in use.
- Refresh any page to ensure the latest content is loaded before starting the demo.
